STUDENT CONGRESS
INFORMATION & LEGISLATION PACKET
September 10, 2006

Dear Coaches and Legislators,

I am excited to have another opportunity to coordinate Student Congress at the Wake Forest University National Earlybird Forensics Tournament. This packet contains all of the information you will need to prepare for competition.

On Friday and Saturday, Student Congress will be held at North Forsyth HS with the other IE events. I will be available there in the MEDIA CENTER to answer any questions or concerns. The Super Congress on Sunday will be held at Wake Forest University. The tab room at that site will be in the BENSON CENTER.

I wish you the best of luck with your preparations and safe travel to Winston-Salem.

Yours very truly,

Jason C. Wysong
Wake Forest Congress Director
Trinity Preparatory School
Winter Park, Florida

Preliminary Competition Format

This year’s Wake Forest Congress features three (3) chambers. Chamber assignments were made randomly, with the exception that schools and states were separated and distributed among the chambers as evenly as possible. Chambers were randomly designated as either a Senate or a House of Representatives. Please see the Congress Procedures page for decorum rules related to this designation.

There are two sessions of debate in the Preliminary Competition. Each session consists of 5 hours of floor debate evenly divided into 2 segments. There is one elected Presiding Officer per segment, thus allowing a total of four legislators from each chamber the honor of presiding. One complete session is a legislative day, and priority for speaking resets at the end of each legislative day. Thus, all legislators will have zero speeches at the start of each session.

The method for election of Presiding Officers will be explained during the Rules Symposium in each chamber. Any member of the chamber may run for Presiding Officer, but no legislator may serve in that office for more than one segment. Elections are conducted by secret ballot, with a majority vote required to elect a candidate. The Presiding Officer receives credit for the first two speeches given in the segment during which he/she oversees the chamber.

One Scorer and one Parliamentarian evaluate each chamber. The Parliamentarian stays in a chamber for one complete session, while the Scorers rotate after each segment. The Scorer evaluates every speech that is given in a segment, rating it on a scale of 1 to 6 (1 is low; 6 is high). The Parliamentarian keeps notes on the overall performance of each legislator, but will not write formal ballots for each speech. The Parliamentarian will also write an evaluation for each Presiding Officer, awarding him/her up to 12 NFL points for service in one segment.

At the end of each segment, the Scorer ranks the top 6 legislators. The Parliamentarian does the same thing at the end of the session. The criterion for ranking is Best Legislator, and the Presiding Officers eligible for selection. The tab room converts the rankings of the officials to the Credit System as follows:

<table>
<thead>
<tr>
<th>Place</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>6</td>
</tr>
<tr>
<td>2nd</td>
<td>5</td>
</tr>
<tr>
<td>3rd</td>
<td>4</td>
</tr>
<tr>
<td>4th</td>
<td>3</td>
</tr>
<tr>
<td>5th</td>
<td>2</td>
</tr>
<tr>
<td>6th</td>
<td>1</td>
</tr>
</tbody>
</table>

Those legislators who are not ranked by a given official receive zero credits from that official.

At the end of each session, the legislator from each chamber with the highest number of credits for that session advances to the Super Congress. Additionally, the four legislators from each chamber with the highest combined credits from both sessions also advance to the Super Congress. Any ties for advancement are broken on the basis of judges’ preference. Therefore, a total of eighteen legislators (6 per chamber) will advance to the Super Congress on Sunday morning.
2006 WAKE FOREST STUDENT CONGRESS
OFFICIAL PROCEDURAL RULES

The following rules promote procedural unity among the chambers. They cannot be altered or ignored by a chamber through the use of a motion to suspend the rules.

1. DECORUM: Each chamber is designated as either a SENATE or a HOUSE. A member of a Senate is always referred to as Senator, while a member of a House of Representatives is always referred to as Representative. The Presiding Officer of a Senate is addressed as Mister/Madame President, while the Presiding Officer of a House of Representatives is addressed as Mister/Madame Speaker. The Presiding Officer is responsible for enforcing proper decorum.

2. LEGISLATIVE DAY: Each session constitutes a single legislative day. Speaking order resets at the end of each session.

3. RECOGNITION OF SPEAKERS: The INDIVIDUAL RECENCY system is the required method for recognizing speakers at this tournament.

4. QUESTIONING: A MANDATORY two minute questioning period follows all AUTHORSHIP, SPONSORSHIP, and SPONSORSHIP ON AMENDMENT speeches. The Presiding Officer recognizes legislators who wish to ask a question of a speaker; the speaker MAY NOT perform this function him/herself. Suspensions of the rules to create a PERMANENT questioning period or to ABOLISH all questioning periods are not permitted. Speakers have a right to refuse to yield to questions, except in the cases of AUTHORSHIP and SPONSORSHIP speeches. The PO has an obligation to rule that “two-part,” misleading, or irrelevant questions are OUT-OF-ORDER.

5. AGENDA ORDER: Each chamber sets its own agenda order using the legislation on its calendar. The final agenda order must receive approval by a simple majority vote of the chamber. The agenda order for Super Congress will be determined by random draw, but a suspension of the rules to amend the docket is permitted.

6. LEGISLATION WITHOUT AN AUTHOR: If the author of a bill or resolution is not present in the chamber, withdraws from the tournament, or relinquishes authorship rights, then a SPONSORSHIP speech is in order.

7. VOTING: The PO determines the method of voting on each question that comes before the chamber. Notes on voting:
   - Final votes on legislation, amendments, and motions to appeal the chair require a recorded vote.
   - Voice voting is acceptable for all other votes, but a recorded vote must be taken if any legislator makes such a request.
   - A roll call vote is permitted if such a request is agreed to by 1/5 of the chamber.

ALL simple majority votes are based upon the number of legislators PRESENT and VOTING in the chamber; therefore, the PO does not need to call for or count abstentions. For all votes requiring a fraction of the chamber to agree to a motion or question (2/3, 1/3, 1/5, etc.), the chair determines whether the chamber agrees with the motion/question using the number of legislators PRESENT in the chamber. Because of this system, the PO must track the number of legislators in the chamber at all times.

8. AMENDMENTS: Legislators submit amendments to the PO in writing. A motion to amend is necessary to consider the written amendment; such a motion is in order anytime after the AUTHORSHIP SPEECH. Once the motion is made, the PO decides if the amendment is germane. The PO may consult with the Parliamentarian to make this decision. If the amendment is found to be NOT germane, the chair rules it OUT OF ORDER and the amendment process stops. If the chair rules the amendment germane, he/she should read the contents of the amendment to the chamber. A 1/3 second of the members PRESENT in the chamber is required to debate the amendment. If the chamber votes a second, debate on the amendment commences immediately. Legislators may make a motion to table or call the previous question on the amendment at any time. The first speech on the amendment is a SPONSORSHIP speech. The chair determines speaker recognition for the SPONSORSHIP speech on the basis of recency; the author of the amendment is NOT guaranteed the sponsorship speech. The sponsor accepts responsibility for the mechanics of the amendment and yields to two minutes of questioning. All amendment speeches receive a score and count towards recency. A majority vote is necessary for the chamber to adopt the amendment.

9. OVERTIME SPEECHES: Any regular floor speech that extends more than ten (10) seconds beyond the maximum speaking time of three minutes shall be penalized one (1) full point by the Scorer(s) evaluating the session. The Presiding Officer is required to keep accurate time of each speech and report it to the Scorer(s) when the speaker has finished. The Parliamentarian/Scorer(s) shall severely penalize the Presiding Officer for inaccurate timing and/or reporting.
SUPER SESSION FORMAT & LEGISLATIVE CALENDAR

A total of eighteen (18) legislators qualify to compete in the Super Session using the advancement procedure outlined earlier in this packet. The Super Congress consists of a single session of floor debate totaling 2 ½ hours. The session divides into two segments of 1 ¼ hours each. This format allows for two Presiding Officers. The method for electing Presiding Officers is the same as in the Preliminary Competition, except that each Presiding Officer will be scored on a scale of 1 – 6 and service as Presiding Officer will count as one speech for purposes of speaker recognition.

A panel of three to five judges from the Congress, Speech, and Debate pools is selected to adjudicate the Super Session. Each judge serves as a Scorer who evaluates all speeches and awards scores of 1 – 6 (1 is low; 6 is high). The points awarded by all of the Scorers for a given speech are averaged together (decimals will be rounded up) to determine NFL points for that speech. All Scorers will also evaluate the Presiding Officers. One Scorer will also fulfill the general oversight responsibilities normally given to the Parliamentarian.

At the end of the session, each Scorer secretly and independently ranks the top 8 legislators. The criterion for ranking is Best Legislator, with the Presiding Officers eligible for selection. The tab room converts the rankings of the officials to the Credit System as follows:

<table>
<thead>
<tr>
<th>Place</th>

</tbody>
</table>

Those legislators who are not ranked by a given official receive zero credits from that official.

The six legislators with the highest number of credits in the Super Session (credits earned in the Preliminary Competition do not count) are placed into nomination for Best Legislator. Ties are broken on judges’ preference. Each Super Congress legislator then ranks the six nominees on a preferential ballot. Each ballot cast by a legislator is worth one vote. The cumulative preference of the judges is expressed through a weighted preferential ballot worth 3 votes (eg: the legislator with the highest number of credits will be ranked 1st, the legislator with the second highest number of credits will be ranked 2nd, etc.). The legislator who wins the preferential ballot election conducted by the tab room staff will be declared THE 2006 WAKE FOREST EARLYBIRD STUDENT CONGRESS CHAMPION!!!!!

SUPER SESSION LEGISLATIVE CALENDAR

Legislation for the Super Session is released on Saturday evening at the end of the Preliminary Competition and will be created from the following areas:

2. Google & China
3. Federal Emergency Management Agency
4. Alaska Oil Pipeline
5. Corporate Pensions

All contestants are strongly encouraged to become familiar with these topics and bring relevant evidence to the tournament.
Information About Chamber Assignments:

1) Find your name on one of the following 3 pages.
2) Note the name of your chamber and whether it will be a Senate or House for purposes of decorum.
3) Write down your school code and commit it to memory. All contestants from the same school have the same number. You will use this number in place of your school name when you are ready to speak.
4) Note the room number of the chamber to which you have been assigned. Any changes to room numbers will be posted at North Forsyth.

Legislative Calendar:

1) The agenda was created by placing each bill in the same chamber as its author. Thus, all of the bills in each chamber will have an author from that same chamber.
2) Time has been allotted before Session I to hold an informal caucus in each chamber. The purpose of the caucus is to create an order for debate of the legislation on the agenda. All contestants will participate in the caucus.
3) In the unlikely event that a chamber debates all legislation assigned to it, the chamber will move to an alternate agenda as follows:
   --Wake Chamber alternate agenda is Forest Chamber agenda
   --Forest Chamber alternate agenda is Gold Chamber agenda
   --Gold Chamber alternate agenda is Wake Chamber agenda
The order of the alternate agenda will be set through the informal caucus method explained above.

***Each three-digit legislation # corresponds to a bill in the legislation packet that follows. The bills identified here constitute this chamber’s primary legislative calendar.
While a significant number of bills and resolutions were not formatted in accordance with NFL and/or NCFL guidelines, all legislation that fit on a single page was accepted since this is the first tournament of the year for most contestants. A specific Primary Calendar has been created for each chamber by assigning each piece of legislation into the same chamber as its author. Each item also has been assigned a three-digit identification number for administrative purposes. See the previous 3 pages to find your specific chamber assignment and primary legislative calendar.

Each chamber will conduct an informal caucus before the start of Session One to create an agenda order from its own primary legislative calendar. A majority vote will be necessary to approve the agenda order. Each piece of legislation will be entitled to an AUTHORSHIP speech, which may be given by the legislator who was designated as the author. If that person is not in the chamber or does not wish to give that speech, a SPONSORSHIP speech will open debate. Sponsorship speakers shall be determined on the basis of recency, and sponsors shall be responsible for both the INTENT and the MECHANICS of the legislation.

Some authors may notice that their legislation as presented in this packet looks different than the format in which it was submitted. Because each author used different page margins, spacing techniques, and line numbering strategies, some formatting was lost during merger of the legislation. Rest assured that the substantive content of all legislation is unchanged.

It is NOT necessary for authors to bring copies of their legislation. However, each legislator must bring his or her own legislation packet. The tournament staff will not have extra copies of the packet available for use by legislators.
A Resolution Concerning Border Security

1 Whereas: The use of satellite technology in securing US borders is more resourceful than other methods such as the National Guard; and

2 Whereas: Satellite technology would cut down on the chaos on the border; and

3 Whereas: The US cannot continue to rely on the Middle East for oil imports; and

4 Whereas: It is also effective in preventing illegal drug runners from crossing into the United States.

5 Therefore: Be it resolved by this Student Congress here assembled that:

6 Satellite technology be implemented in our border security system.

Respectfully submitted,

A resolution concerning capital punishment

Whereas: It costs the American tax payers $1 million dollars to keep each of the more
than 33,000 criminals with life sentences without chance of parole in jail; and

Whereas: Capital punishment does more to deter possible criminals than life in prison
does; and

Whereas: We will have approximately 2 million people in prison at the end of 2005 and
giving the death penalty to some of the criminals will ease the already over-
crowding in many jails.

Therefore: Be it resolved by this Student Congress here assembled that: All criminals
who would now receive a sentence of life in jail without the possibility of
parole be given the death penalty.

Respectfully submitted,

A Resolution to Subsidize the Development of Magnetic Levitation Trains

1. Whereas, Magnetic Levitation technology is the newest method of transportation.
2. Whereas, Interstate Highways can cost 50 million dollars per mile, and
3. Whereas, the cost of a magnetic levitation system per mile is 30 million dollars per mile, and
4. Whereas, it is in the best interest of the environment to adopt Maglev trains because
5. whereas, Maglev trains produce no pollution, and
6. Whereas, the asphalt used on interstate highways is harmful to the environment
7. Because of acid runoff and its eventual contribution to global warming, and
8. Whereas, cars that use such interstate highways release greenhouse gasses that
9. damage the environment, THEREFORE
10. Be it resolved, that the U. S. allocate 50 billion dollars per year to replace old
11. highways with new Maglev trains as well as building new Maglev train tracks.

Resolution to increase the number of troops in Iraq

1. Whereas: The insurgency in Iraq is still active and delaying American efforts at
2. establishing stability in that nation, and
3. Whereas: countless political commentators, generals, and military analysts have
4. repeatedly called for more troops, and
5. Whereas: if the war in Iraq is truly pivotal to the war on terror then it deserves the full 6.
   might of the United States behind it, and
7. Whereas: the democratically elected government of Iraq has repeatedly requested
8. continued American aid, and
9. Whereas: it would be a show of good faith to the Iraqi people and an affirmation of 10. our
   own resolve to win this war
11. Therefore be it resolved by this student congress that:
12. This congress will recommend to the president that the total number of troops
13. stationed in Iraq should be increased to 300,000 for no less than one year, and that
14. upon the conclusion of that year the number of troops shall not be less than 200,000 15. until
   the insurgency is defeated and the Iraqi government no longer requires the aid of 16. U.S forces.

A Resolution Concerning Mediation in Peace Agreements in Uganda

1. Whereas Thousands of Children in Uganda flee to the city nightly to keep from being
2. abducted by the LRA (Lords Resistance Army) and
3. Whereas thousands of children in Northern Uganda have been abducted by the LRA and
4. Whereas hundreds have been killed or severely beaten and brainwashed by the LRA and
5. Whereas the LRA repeatedly denies abducting children despite overwhelming evidence, and
6. Whereas a ceasefire has been called for but peace agreements have not been yet fully discussed, 7. and

8. Whereas diplomatic mediation on the part of the United States of America would help to end this
9. conflict and end the plight of the invisible children, therefore

10. BE IT RESOLVED by the Wake Forest National Early Bird Congress that the government of
11. the United States of America provide diplomatic assistance in mediation between the LRA and
12. the Ugandan Government in their peace agreement discussions.

A Resolution for the United States Government to Increase Support for Nuclear Energy

Whereas nuclear energy is a cheaper, more stable, and efficient way to produce electricity and other types of energy, and

Whereas the United States already has a working infrastructure for Nuclear Power Plants in place, and

Whereas nuclear energy is less likely to contribute to global warming than current energy sources such as oil or coal, and

Whereas current energy sources such as oil are becoming more costly and less abundant, and prices for such fossil fuels are constantly rising, and

Whereas our nation's dependence on fossil fuels is having a negative effect on our foreign policy concerning the Middle East,

Therefore, Be it Resolved that the United States increase its support for a more advanced, widespread nuclear energy system.

A Resolution to Recognize the Republic of Somaliland

Whereas, it is the policy of the United States to promote the expansion of freedom and democracy around the world, and

Whereas, it has been of particular interest to the United States to prove that Islamic culture and western democracy can coexist, and

Whereas, the area known as the Republic of Somaliland has independently developed a stable, functioning, and popularly accepted republican form of government that protects the rights of individual citizens, and

Whereas, traditional and Islamic values have been maintained and incorporated into the government in a way acceptable to the people of Somaliland, therefore,

BE IT RESOLVED by the Student Congress here assembled that:

1. The Republic of Somaliland shall be recognized by the United States as a sovereign state and shall receive all the rights and privileges thereof.

2. The President of the United States is strongly urged to instruct the Ambassador of the United States to the United Nations to promote recognition of the Republic of Somaliland among the world’s nations and work towards the acquisition of a seat for the Republic of Somaliland in the General Assembly of the United Nations.

3. The United States shall encourage the investment of foreign capital and the development of infrastructure within the Republic of Somaliland, as well as aid as requested, at the discretion of the Congress.

A Resolution to Stop Gun Violence in the United States.

Whereas: Guns are killing an incredible amount of our citizens every year; and

Whereas: The 2nd Amendment to the Constitution does not provide for the way guns are sold and used today; and

Whereas: Guns have very little value in the way of self defense.

Therefore: Be it resolved by this Student Congress here assembled that a Constitutional Amendment be submitted to the several states to ban all private gun use (except when legitimately used for hunting as determined by the U.S. fish and wildlife service); and

Be it further resolved that the Second Amendment to the Constitution be repealed.

A Resolution for a Level Playing Field with China

1  Whereas: The Chinese maintain unjust advantages in the global trade arena, and

2  Whereas: The Chinese government unfairly and deliberately manipulates the value of its

3  currency to discourage foreign imports, and

4  Whereas: The Chinese government denies its laborers the right to unionize and fight for

5  fair wages, and

6  Whereas: The Chinese government does not force its businesses to comply with the

7  same costly environmental standards as American businesses, and

8  Whereas: All of these factors place American businesses at a competitive disadvantage.

9  Therefore: Be it resolved by this Student Congress here assembled that substantial tariffs

10  be imposed on all Chinese goods entering the United States unless the Chinese

11  terminate the aforementioned practices which lead to unfair trade advantages.

A BILL TO ESTABLISH UNIVERSAL HEALTHCARE IN THE UNITED STATES.

Be it enacted by the Wake Forest Student Congress assembled that:

Section 1: Statement of Proposal

This Congress hereby proposes that: The United States Federal Government shall establish a system of universal healthcare (UHC) for every American citizen living in the United States and the U.S. Territories.

Section 2: Statement of Funding

United States UHC shall be modeled after the existing single-payer system in Canada, and will be funded primarily by existing government health care spending and a phased-in tax on employers of 7.7% (almost $1 trillion). Additionally, the current $1 trillion + being spent per year in local, state, and federal dollars for health care would be redirected towards the UHC system.

Section 3: Statement of Enactment

Procedures for establishing UHC would ensue immediately following this Congress.

A Resolution to Encourage India to Improve its Nuclear Safety Regulations

1. Whereas India’s safety and health regulations when concerning its nuclear endeavors are considerably lacking; and

2. Whereas Due to India’s past nuclear related mishaps and more recent attempts to increase its access to newer nuclear technology, a new and more efficient set of safety regulations would benefit India’s people; and

3. Whereas A lack of any revisions on the current regulations would only lead to further disasters and deaths along with the likely waste of India’s nuclear imports and supplies; and

4. Whereas The safety of innocent people should be a priority for the United States, a self-proclaimed humanitarian state, no matter what those people’s origins may be;

5. Therefore, Be it Resolved by this Student Congress here assembled that it encourage India to revise and increase its Safety and Health Regulations when concerning any and all its Nuclear programs,

6. plants, and testing sites.

A Resolution Encouraging a More Just System For Higher Education Admissions

1. **Whereas** Affirmative action provides for a student’s disadvantage on the basis of race, which is not a determining factor in scholastic success; and
2. **Whereas** Basing admissions on race encourages reverse discrimination and doesn’t provide for the applicant’s standard of living or circumstances; and
3. **Whereas** Ethnic students from middle and high socioeconomic backgrounds are getting preferential treatment regarding admissions to colleges and universities when (e.g. White or Asian) students from lower socioeconomic backgrounds who are truly economically and socially disadvantaged aren’t considered for admission simply because of their skin color; and
4. **Whereas** The eagerness of our country to have a “color blind” society impairing our ability to look at this problem of racial preference objectively, and causing us to overcompensate; and
5. **Therefore be it Resolved by this Student Congress here assembled that** affirmative action be banned in the selection process of colleges and universities and be replaced with a consideration for economically disadvantaged students which will consider the following three categories: family’s net worth, family structure, and school quality.

A Resolution Concerning the Disarmament of Nuclear Weapons

1. Whereas, several foreign nations are currently pursuing nuclear weapon policies that are dangerously out of step with the security needs of the entire world, and

2. Whereas, the desire for a free hand to develop and test new weapons has led many nations to abandon the Nuclear Non-Proliferation Treaty, IAEA regulations, as well as other multilateral arm control policies, and

3. Whereas, U.S. nuclear weapons policies are undermining the U.S. goal of constraining the global spread on nuclear weapons, therefore

9. BE IT HEREBY RESOLVED BY THIS STUDENT CONGRESS THAT:

10. The United States work coherently with the United Nations in creating a multilateral proposal eliminating all nuclear weapons, internationally by December 31, 2020.

13. BE IT FURTHER RESOLVED THAT:

14. The United States incrementally disarm and disassemble its nuclear munitions supply in conjunction with the rate of other nations’ nuclear weapons supplies.

16. BE IT YET FURTHER RESOLVED THAT:

17. The United States will fully and finally dismantle its nuclear munitions supply upon reasonable proof that all nuclear weapons stockpiles have been globally destroyed.

To take immediate military action against Iran

Sponsored by Ms. TINNEY of Morristown-Hamblen High School West, Tennessee

Be it enacted

in the Student Congress of Wake Forest University here assembled that:

SECTION I: SHORT TITLE:
This may be cited as the Iran Action Act of 2006.

SECTION II: FINDINGS:
Congress finds that:

a) Iran feels that it must be the predominant power in the Middle East and Southwest Asia region.

b) Iran is attempting to ensure that it has influence in the governing of Iraq.

c) Substantial evidence is present which leads to the reality of Iran’s effort of attempting to manufacture and create a Nuclear Weapons arsenal.

SECTION III: ENACTMENT CLAUSE

After the 15th day following the date of enactment of this act, the Secretary of Defense shall deploy twenty-five thousand (25,000) armed services personnel to the Middle East and Southwest Asia for immediate military action against Iran.

Be it resolved

In the Student Congress of Wake Forest here assembled that

Section 1: Short title

This resolution may be cited as the Tennessee’s First District proposal To ban the practices of Capital Punishment.

Section 2: Findings

Congress finds that:

a) The practices of Capital Punishment are useless in that it doesn’t bring the victim back to life.

b) The possibility exists that innocent men and women may be put to death.

c) Some jury members are reluctant to convict if it means putting someone to death.

d) It is barbaric and violates the “cruel and unusual” clause in the Bill of Rights.

e) Financial costs to taxpayers of capital punishment is several times that of keeping someone in prison for life.

Section 3: Enactment

A RESOLUTION TO END SANCTIONS & ECONOMIC EMBARGOES AGAINST THE NATION OF CUBA

1. Whereas, economic sanctions and embargoes imposed in the international
2. community by the United States have consistently proven to be ineffectual, and,
3. Whereas, the original purpose of the 1962 economic sanctions on Cuba were to
4. suppress the spread of communism in conjunction with the Truman Doctrine, and not to
5. forcefully remove Fidel Castro from his authoritative state, as popular opinion has
6. suggested, and,
7. Whereas, the nation of Cuba currently operates as a communist state, thus
8. showcasing the ineffectiveness of the original sanctions and the ensuing embargo, and,
9. Whereas, the few sanctions that have been lifted by the U.S. since 1962 have
10. resulted in positive ramifications for the welfare of Cuban residents, as well as
11. commercial benefits for American corporations, therefore,

A Resolution to Reform Intelligence Gathering

1. Whereas, according to the Defense Science Board Report of September 2004, an essential element of combating terrorism efforts must involve strategic communications composed of coordinated public diplomacy, public affairs, open military information operations, and classified operations,

2. Whereas, there is a exigent need to gain valuable intelligence which can only be gained through human intelligence (HI),

3. Whereas, America lacks successful human intelligence,

4. Whereas, other allies have been more successful in this field,

5. Whereas, the War on Terror is not a conventional war, as it requires a different type of communication and intelligence,

6. Whereas, NATO’s highly strategic location near the volatile Middle East which helps its mission,

7. Whereas, many NATO members are more heavily exposed to Middle Eastern cultures, language, customs, and people, and have a higher percentage of Muslim immigrants who can be utilized in human intelligence operations,

17. THEREFORE BE IT RESOLVED that the US Congress encourage the executive branch and NATO to concentrate and expand its mission to effectively address the War on Terror, by increasing its ability for amassing intelligence (particularly HI) and coordinating analysis and dissemination of the information to executive areas with all due speed.

19. BE IT FURTHER RESOLVED that because of their capacity to access detailed and viable intelligence information, particularly HI, Israel be invited to participate in intelligence activities with NATO.
